Tips for Recycling and Reuse

There are many things each of us can do to help reduce the amount of garbage we generate. In addition to the Reuse options on page 3, here are a few small changes we can make that will affect us in a big way:

- ♻️ When going to a coffee or tea shop, bring a **reusable mug** with you instead of using a disposable cup. Some shops will even offer a discount when you use your own mug.
- ♻️ Try packing a **No Waste Lunch**. Use a **reusable lunch box or bag** and **reusable food containers** rather than disposable plastic or paper bags.
- ♻️ Bring **reusable shopping bags** with you to the grocery store. Keep them in the car so they are with you when you need them.

Want to do more? Try this!

♻️ **Start your own backyard compost bin.** Turn your yard clippings and food scraps into healthy compost that is great for your garden or flower beds! For more information on how to start your own compost bin visit San Mateo County RecycleWorks at www.RecycleWorks.com or call **888-442-2666**.

If we all were to make one change in our lives, imagine the impact we can make on our environment! One small change can affect us in a huge way! Join Recology San Bruno as we strive to reach our goal and rally cry: **Waste Zero!**

Pursuant to the Americans with Disabilities Act, those residents defined as disabled, and whose disability prevents their placing containers at the curb, shall have the option of placing their containers near their dwelling, visible from the curb. Recology San Bruno will pick up the refuse and recycling from this location or any other location suitable to both parties, and return the container to the same location. You must contact Recology San Bruno at 650-583-8536 to participate in this program.
